

# Alta and Snowbird Now Offers A Connected Terrain Ticket

## Alta 1

This season Alta Ski Area and Snowbird Ski & Summer Resort are pleased to offer the Alta Snowbird Pass, enabling skiers to access the two

resorts' combined terrain. Snowbird built a second high-speed quad in Mineral Basin, making the connection between the two resorts and the Alta Snowbird Pass possible by transporting skiers to the saddle separating Alta's Albion Basin and Snowbird's Mineral Basin. Day Passes are available at any Alta or Snowbird ticket window for \$64.00. A limited number of season passes are available for \$1300. Alta and Snowbird continue to maintain separate ownership and operation, preserving the unique skiing experience and resort atmosphere each offers. Guests can continue to purchase individual resort passes.

Skiers now have access to the following on ONE TICKET:

- 4,700 acres of skiable terrain (1902 hectares)
- 1,175 acres of beginner terrain (476 hectares)
- 1,755 acres of intermediate terrain (710 hectares)
- 1,770 acres of advanced/expert terrain (716 hectares)
- 500 inches of annual snowfall (1270 centimeters)
- 1 tram
- 4 detachable quad lifts
- 1 detachable triple lift
