Reserve Ranches

These 160 acre ranches give you plenty of room to stretch out and live the ranch life. And although skiing, golf, and the village may feel a world away...they're just next door. Our commitment to preservation protects each ranch with limited development so your views and wildlife neighbors remain a constant. Just a handful of family homesteads sit on over 3000 acres of wilderness for generations to explore.

Acres: 160

Price: \$6,000,000 - \$8,000,000
