## I. SUMMARY

Table 1. Summary of impact analysis determinations made for federally listed endangered, threatened, or candidate species and Forest Service sensitive species.

<b>Table 1. Impact Analysis Summary for Federally Listed Endangered, Threatened, or Candidate Species and Forest Service Sensitive Species.</b>		
<b>Species</b>	<b>Status</b>	<b>Determination</b>
<i>Federally Endangered, Threatened, or Candidate Species</i>		
Slender Moonwort	ESA Candidate	Not likely to adversely affect
Ute ladie's tresses	ESA Threatened	No effect
June Sucker	ESA Endangered	No effect
Bald eagle	ESA Threatened	No effect
Canada lynx	ESA Threatened	Not likely to adversely affect
Yellow-billed cuckoo	ESA Candidate	No effect
<i>Forest Service Region 4 Sensitive Species</i>		
Columbia spotted frog	USFS R4 Sensitive	No impact
Spotted bat	USFS R4 Sensitive	No impact
Wolverine	USFS R4 Sensitive	No impact
Townsend's big-eared bat	USFS R4 Sensitive	No impact
Boreal owl	USFS R4 Sensitive	No impact
Flammulated owl	USFS R4 Sensitive	No impact
Great gray owl	USFS R4 Sensitive	No impact
Northern goshawk	USFS R4 Sensitive	May impact individuals or habitat, but not likely to trend toward federal listing or cause loss of viability.
Peregrine falcon	USFS R4 Sensitive	No impact
Northern three-toed woodpecker	USFS R4 Sensitive	May impact individuals or habitat, but not likely to trend toward federal listing or cause loss of viability.
Bonneville cutthroat trout	USFS R4 Sensitive	No impact
Clustered lady's slipper	USFS R4 Sensitive	May impact individuals or habitat, but not likely to trend toward federal listing or cause loss of viability.
Rockcress draba	USFS R4 Sensitive	May impact individuals or habitat, but not likely to trend toward federal listing or cause loss of viability.
Wasatch Jamesia	USFS R4 Sensitive	May impact individuals or habitat, but not likely to trend toward federal listing or cause loss of viability.
Garrett bladderpod	USFS R4 Sensitive	May impact individuals or habitat, but not likely to trend toward federal listing or cause loss of viability.
